SCHOOL DIRECTORS' REPORT

As the Legislature of 1910 enacted a law changing the school year so that it ends on the last day of June, and making it necessary for a full printed report by July 15th, such itemized report will be omitted at this time.

The schools began the year with a deficit of \$158.70 and finish it with a balance of \$61.73 to their credit. There are rather more outstanding bills now than then. So the regular school tax of sixty-five cents on a dollar of the Grand List is none too much. If there was any surplus it could well be used for a fire escape on the village schoolhouse, or for better ventilating and warming some of the schoolrooms.

On the whole, we feel confident that the school year has been quite successful.

The High School has done good work, and apparently will have several more pupils next year than it has had this

year. Therefore, we recommend that the town raise a tax of at least sixty-five cents on a dollar of the Grand List for school purposes, and continue the High School.

Balance of indebtedness \$3,826 30

U. S. surplus has been reduced two hundred and forty-eight dollars and is now only	\$1,188 00
The Peck cemetery fund is now	\$300 23
The Cragin cemetery fund is now	\$115 76

The town has thus reduced its indebtedness during the year about seven hundred dollars.

The town should raise fully as much money for each department next year, and each town officer be reasonably economical in his expenditure of town money.

The health officer reports the schoolhouses and other public buildings to be in reasonably good sanitary condition. Fire escapes and doors opening outward should be provided for all public halls or schoolrooms on the second floor of any building.

Having examined the treasurer's book and town officers' accounts we respectfully submit this report.

WILDER MEMORIAL LIBRARY

During the past year thirty-three books have been received from Lewis Parkhurst, twenty-eight from the state, and seventeen purchased—thus making twelve hundred and seventy-four in the library. The magazines and papers taken are fully as good this year as at any previous time. The Librarian's record shows 2426 books and 846 magazines taken out for reading during the year, and that there have been 2641 visits to the library by patrons and other callers.

It is planned to have a formal dedication of the library at some time during the coming summer—probably in August.

If an "Old Home Week" celebration could be arranged for, at about the middle of August, and one day of that week be specially devoted to the library it should prove an interesting and profitable occasion for the people of Weston and for their friends who once lived here.

The financial account for the year is as follows:

By balance from last year		\$47 55
Town appropriation		57 53
Lewis Parkhurst check		50 00
